

Plastic ORP Electrode **PCS2701C**

DATASHEET

Parameter	Specifications
ORP range	$\pm 1000\text{mV}$
Temperature range	0-80℃
Pressure resistance	0-0.3MPa
Temperature sensor	NTC10K/NTC2.2K/PT100/PT1000
Housing material	PP
Sensitive membrane	pt
Reference system	KCL gel
Connection thread	NPT3/4"
Cable length	10m or optional
Scope of application	General application, industrial water, environmental sewage, river and lake water quality
